DEDICATION

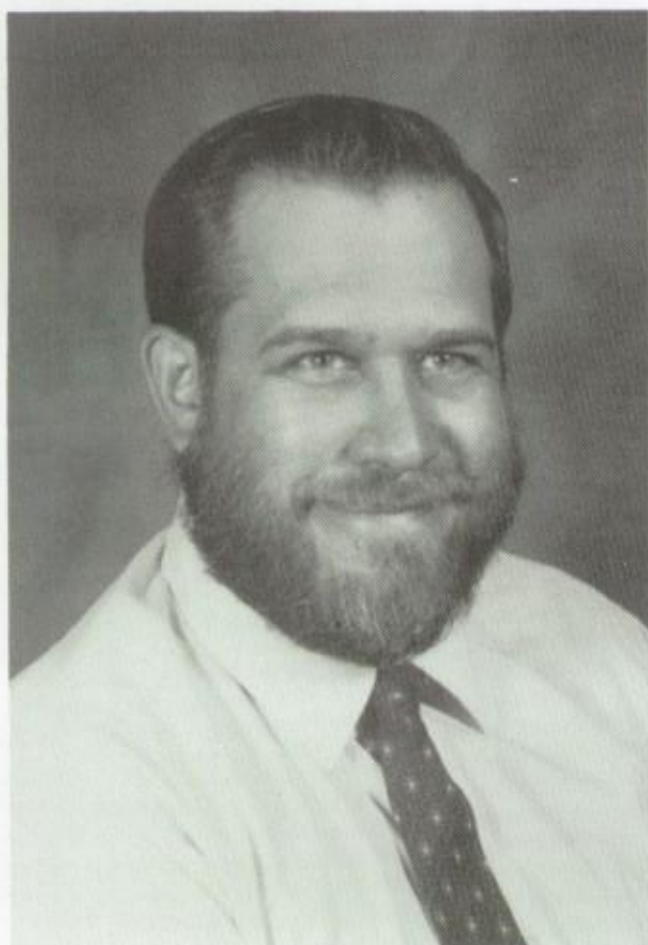

Studying hard to get through fifth grade.

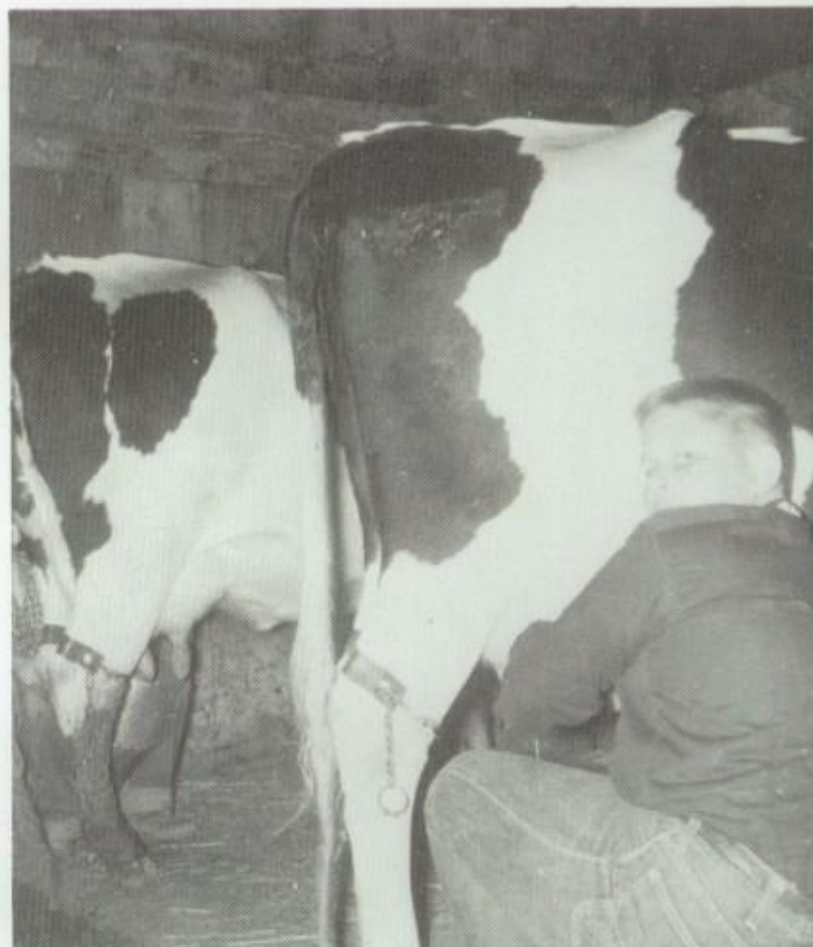

A sophomore at East High School.

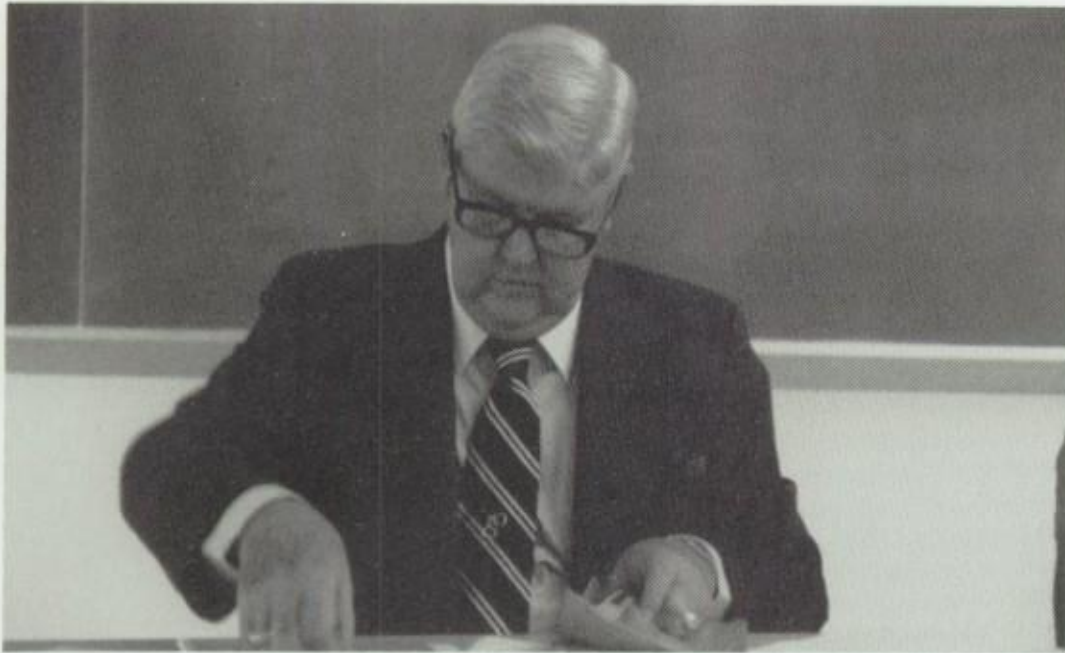

Mr. John Thurow was born in Denver, Colorado, at St. Lukes hospital in 1946. He graduated from Denver East High School and went on to the University of Northern Colorado. He has been teaching at Machebeuf for eleven years. He is the wrestling coach and has been for eleven years. He also coaches track which he has been doing for the last six years. Mr. Thurow enjoys hunting and fishing as his extra-curricular activities. Machebeuf students are some of his favorite people. This dedication was made to Mr. Thurow because of his unselfish devotion to Machebeuf and his continuous spirit. He is a gentleman, an educator and a good friend to all.

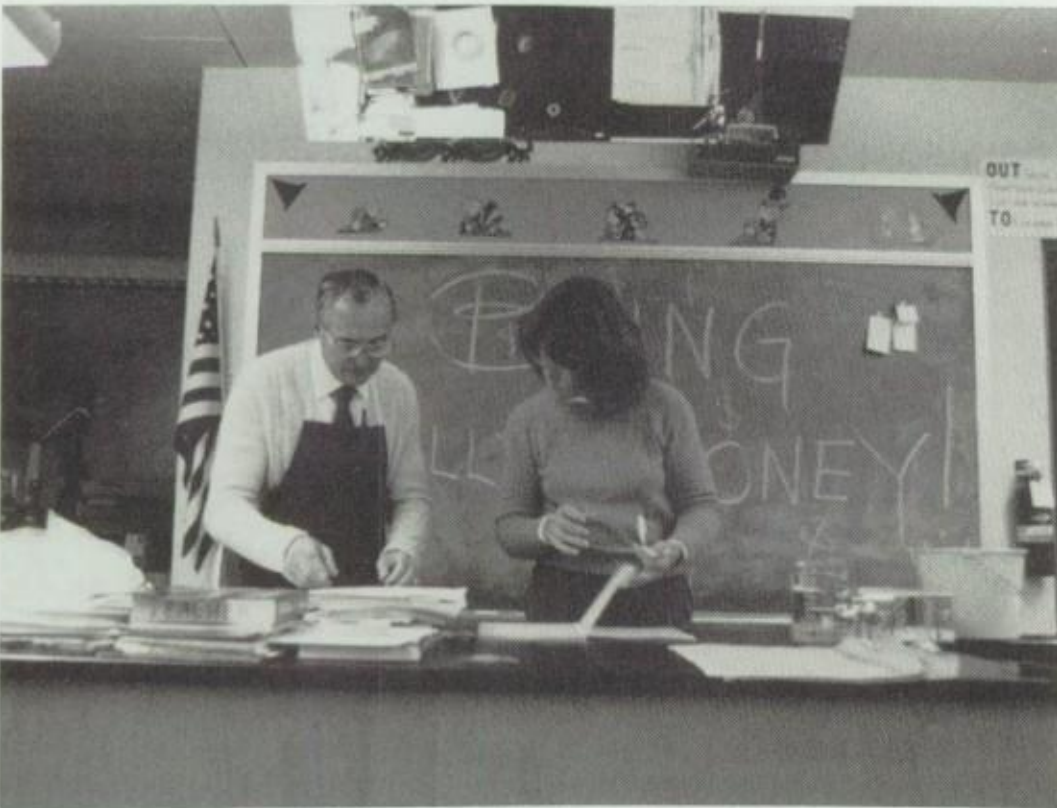

Look at that smile!

Working hard at home.

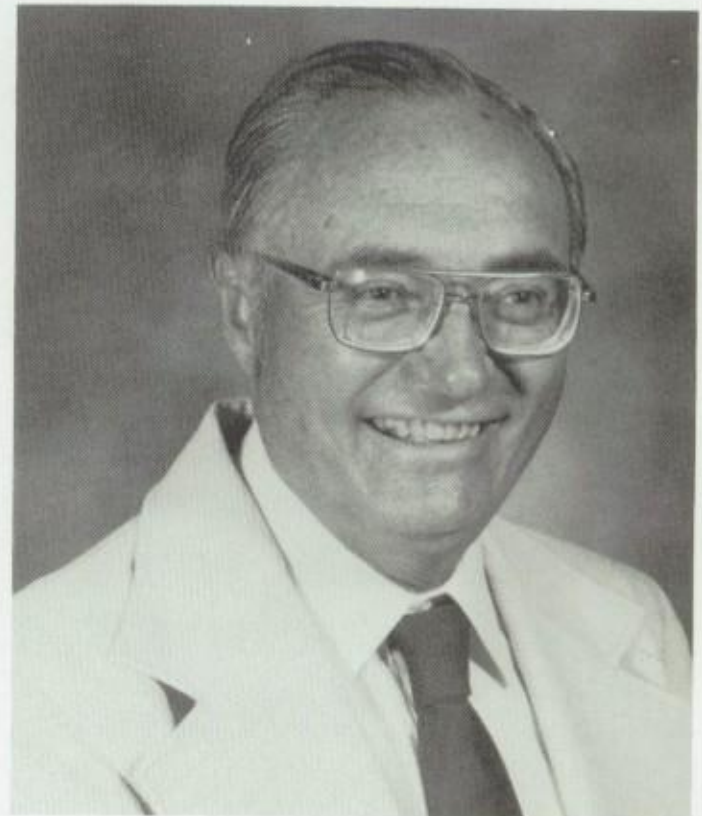

This year is proudly Mr. Raymond Raclawski's and Mr. Horace Jaster's 25th Anniversary at Machebeuf High School. We would like to congratulate them and thank them for their unending enthusiasm for all the students that enter Machebeuf High School.

ADMINISTRATION

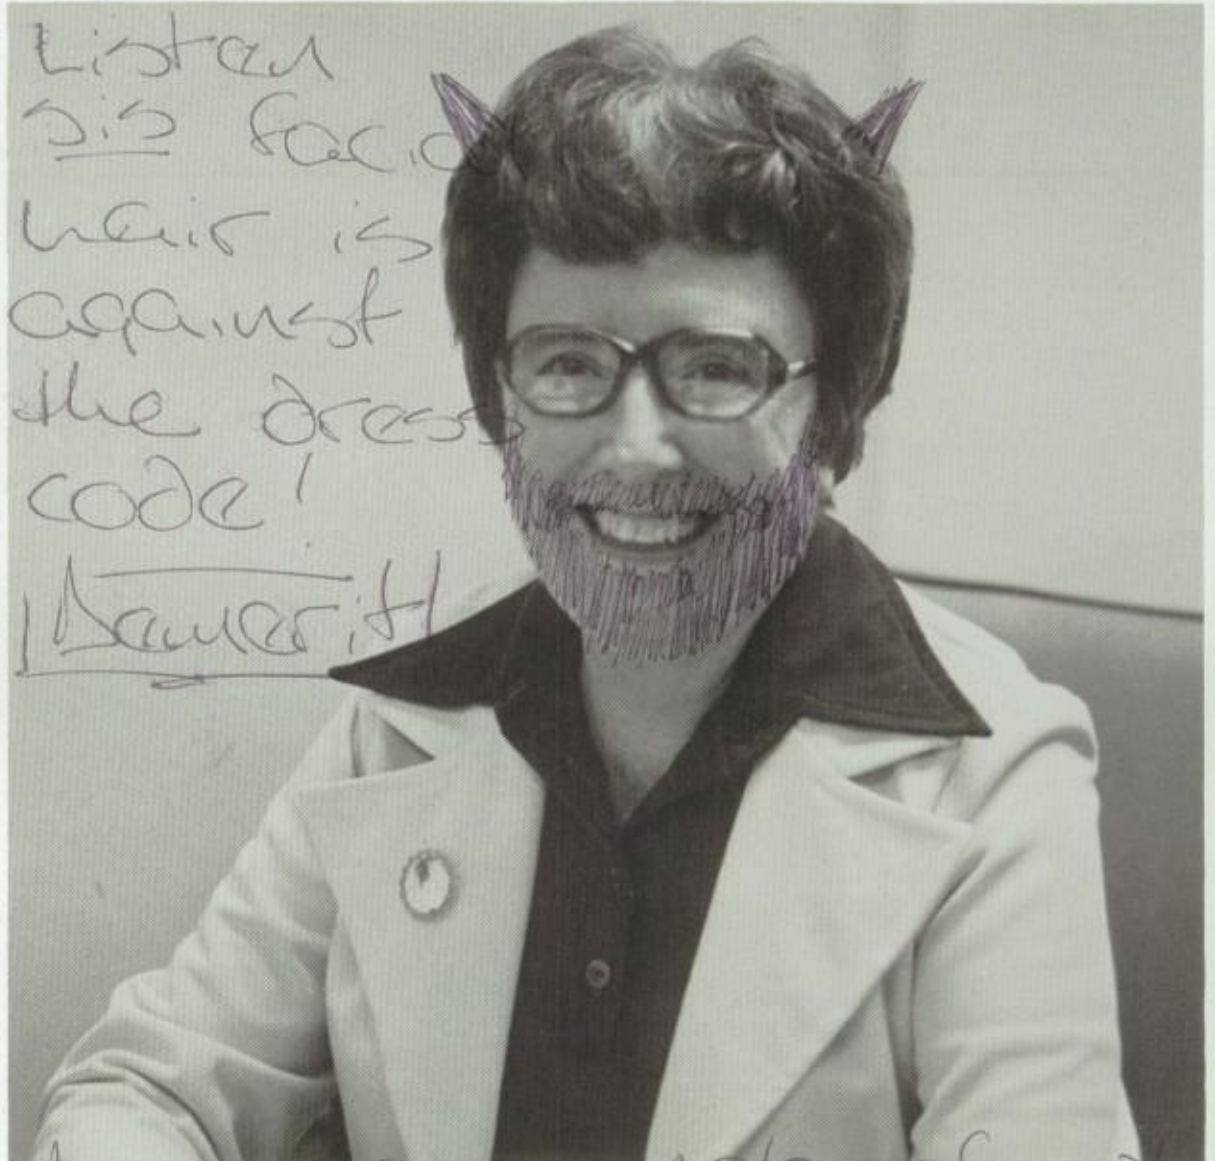

SR. VICTOR MARIE:

"All the wonders you seek are within yourself"

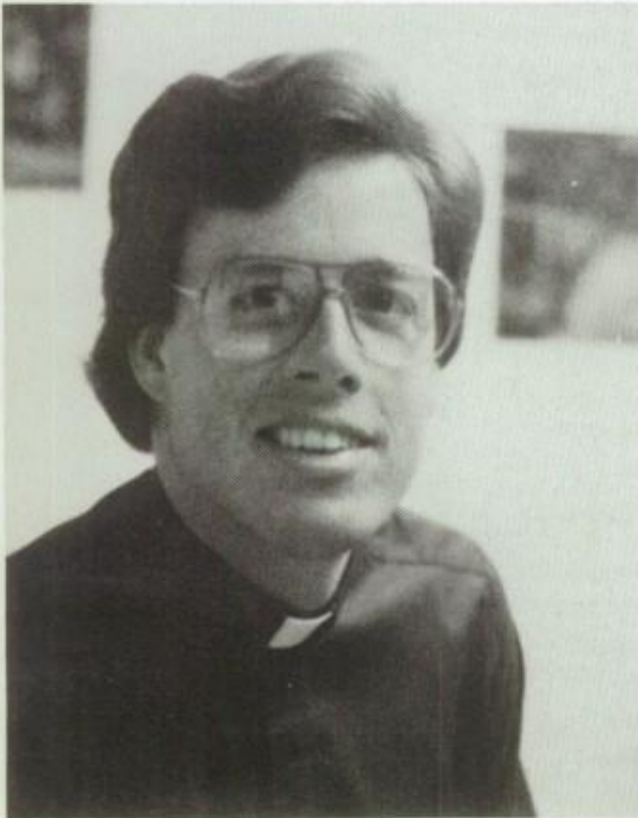

-Sr. Thomas Browne

University of Notre Dame; M.A. Economics

Machebeuf's administration is just one excellent example of our theme: "If it is to be, it is up to me." The moral of the students and the future is growing stronger every year through the leadership of our administration. Sr. Victor Marie, our principal, has made progressive changes in the policies and improvements around our school. Mr. Caruso, as Dean of the Students and the Athletic Director, had motivated the sports program as well as the student body. Our Academic Dean, Sr. John Carroll, has the responsibility of directing students in their academic decisions for their present and future. Fr. John Hilton, our spiritual advisor, has been a great asset for all at Machebeuf High.

The Art Department's interest is in developing uses of creativity —making changes in our environment, which expresses our enthusiasms for quality. The obvious focus is on drawing and sculpting, pottery, stained glass, photography, etc., but the realms of filmmaking, architecture and the rest of the cosmos are not far beyond. Mr. Michael Delahunt is our talented, fun, and somewhat eccentric art teacher, whose immortal motto is "Ars Artium, Ars Amoris."

The Business Department seeks to provide students with skills and training that will be worthwhile to them in both their personal and professional lives. The courses offered are accounting and typing taught by our business teacher Mrs. Bonicelli
 This year Machebeuf has included a new department offered to sophomores. The course is music taught by our new music teacher, Mr. Miller.

OFFICE STAFF

Through the years, Machebeuf has had two hard-working individuals working "behind the action." Mrs. Glista, our secretary, makes certain that everything is running smoothly for students as well as the faculty. Mrs. Skeehan, the school's number one accountant, keeps track of our finances.

If any student has a problem and can't seem to work it out, knows he can always turn to our school counselor, Mrs. Elkind, for guidance. Mrs. Elkind is not only interested in helping Juniors and Seniors out with which college they should attend, but she has interest in the whole student body as well. She has coordinated activities such as Teenage Stress and Alcohol Abuse. Her job is to help the students-and that's exactly what she does.

LIBRARY

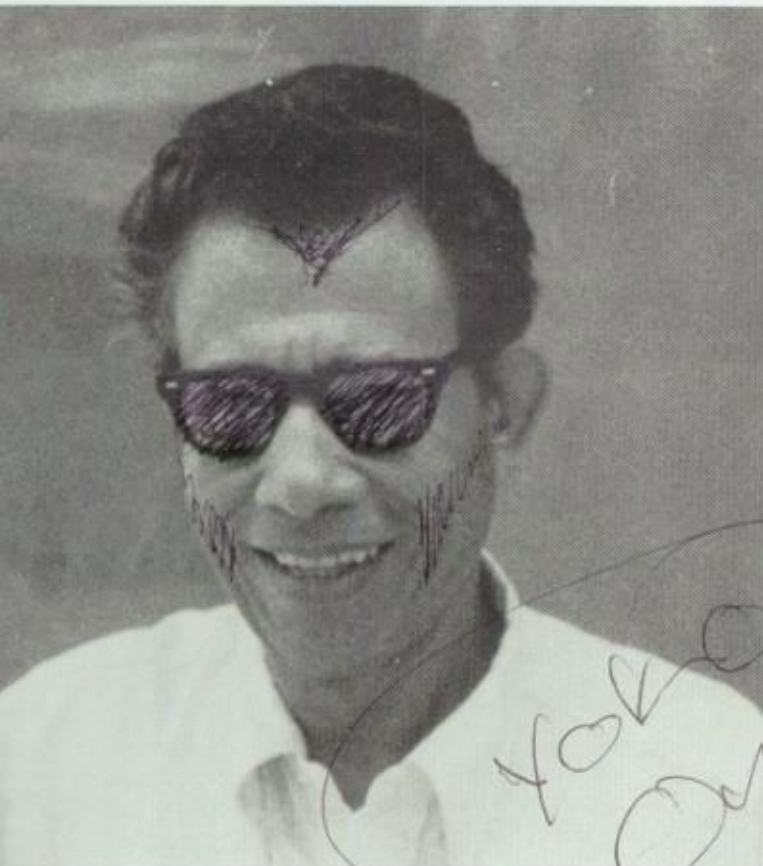

Sr. Marie Annette is our Librarian who provides for the students a time of "peace and quiet". She is also willing to help the students when they are lost and confused, and just can't seem to find the right book needed.

The History Department has three outstanding teachers who teach these courses. They are Mr. King, Chairman, Mr. Chapman, and Mr. Long.

MATHEMATICS

The goal of the mathematics department is to prepare the students to live in a world in which mathematics will be a part of their day to day experience. We also prepare students for college majors in mathematics or science. The most telling change in the curriculum is expansion and emphasis on computer classes.

Dr. Wilkins, the chairperson of the department teaches Analytic Geometry/Trig., Analysis/Trig., and Algebra 2/Trig. Mr. Doherty teaches Geom./Computer and Algebra 2. Mr. Maher teaches Alg. 2/Trig., Algebra 1, Geometry/Computer, and Advanced Computer. A new staff member in this department is Mr. Gillman who teaches Elementary Algebra and Algebra 1.

'85 OUTSTANDING SENIORS

This is a first for the STAMPEDE, but hopefully only the beginning of recognition for outstanding Machebeuf Seniors. Machebeuf has a reputation for preparing students not only for graduation, but also for the demanding curriculum of college. These eight students were chosen by the faculty on the basis of academic excellence and social involvement with faculty and fellow students. The faculty enjoyed the opportunity to honor them and wishes them continued success in their future endeavors.

KEVIN ENGLAND

Kevin England. Cross Country team captain. Class officer. Fourth period theology. Big brother to Brian and John. Colorado Tour. Member of the first track team I coached. No one thought captures it all. How does a teacher communicate deep respect for a special student? Possibly by honestly and simply smiling on the inside, as Kevin so warmly does on the outside. But I can say more. I can tell of Kevin's commitment to life itself and to seeking to live it to the full. I can speak of a bright young man who was free enough to transfer the events of a special moment shared with friends to a brightly sung song. I can gratefully remember Kevin — gentle mantle, encasing strong - hearted wonder.

MARY CLOOS

Mary Cloos is indeed one of Machebeuf's outstanding seniors. Mary has attended M.H.S. all four years. As a freshman she was an active member of the Key Club and continued in that role as a sophomore. As a junior she started her role in student government as Junior class Secretary/Treasurer; a role she would complete in outstanding fashion as President of the Student Council in her senior year. She also has received several awards in her four years at Machebeuf. One of these is an award afforded a select few in any high school, the honor of being selected to the National Honor Society in her junior year. She has been a representative example of this association in her senior year as well. Included among her awards are awards for outstanding achievements in chemistry and for excellence in Foreign Language (Spanish). Mary is an involved and responsible student and her leadership both in the classroom and in school activities have cast a good light on both Machebeuf and the Senior class. Teaching Mary has been pure joy. She is one of those rare students who go beyond the mundane learning of the subject matter and attempts to apply that subject matter to life to gain a fuller understanding and awareness of themselves and their world. Mary Cloos reflects this positive attitude in her school work and her approach to other people.

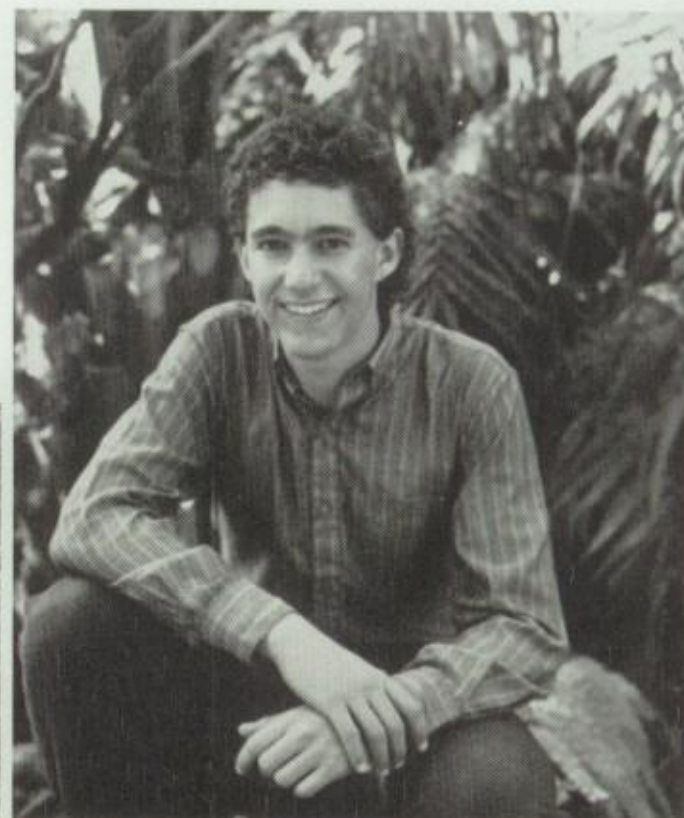

Eric Chapman

AILEEN HORRIGAN

Machebeuf salutes a student possessing a sense of purpose, motivation, high academic standards, and a well-rounded personality. Aileen Horrigan combines all these qualities in a quiet but assertive manner. She exhibits a sense of knowing who she is and where she is going by utilizing her talents and applying her highly developed skills. Knowledge alone doesn't satisfy Aileen; rather she internalizes the knowledge and critically assesses its merit. Her analytical skills, insightful perceptions, and open-mindedness enable her to examine underlying philosophical positions and allow her to question and/or discuss these positions openly and honestly. Aileen balances her left brain activities with her right brain creativity, especially in the area of essay writing. Her flair for academia helps raise the quality of education at Machebeuf. Aileen participates in the advanced placement History and English program; her co-curricular activities include membership in the National Honor Society, the Junior Classical League, and the Pre-Med Club. With all of this, Aileen maintains a cumulative grade point average of 4.8 and has recently won a math and science award at the School of Mines. School doesn't consume all of Aileen's time and energy; many hours each week are spent in ballet dancing. She is also actively involved in her church's youth organization. Aileen's pleasant, purposeful presence, both in and out of class, enhance the school's atmosphere and boosts educators' morale. AILEEN, MACHEBEUF IS PROUD OF YOU!

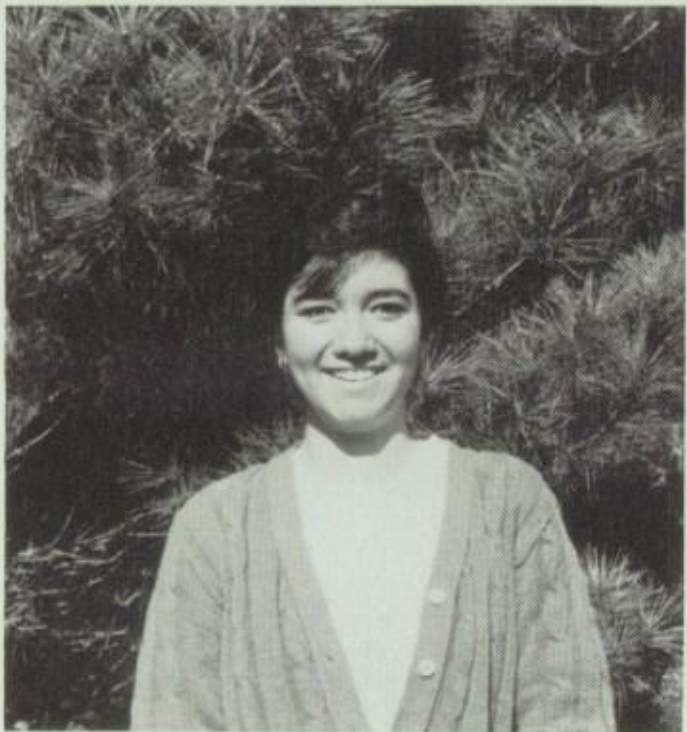

Sister Michele

LANEE LOVE

In inevitable future success, Lanee Love has demonstrated her "team spirit" at Machebeuf. Academically, she is a participant not just an observer, excelling in all classes including A.P. English and History. She shares her leadership ability as homeroom representative for Student Council and community groups have acknowledged these achievements through awards and recognition in WHO'S WHO IN AMERICAN HIGH SCHOOL STUDENTS. In sports, Lanee is active in basketball and soccer. As captain of the girls' basketball team this year, she has consistently put the team's success before her personal glory. Machebeuf and the class of '85 have been the recipient of Lanee's team spirit for four years; lucky are those she will influence in the future.

Sue Strothers

KATYA MEZA

Aside from being a diligent and accomplished student, Katya is a welcome prototype for the future. She is "Kosmopolites" (cosmopolitan) in the original sense of being a citizen of the world. Bilingual, bicultural, inquisitive, interested and involved, she carries a strategic vision of the nation and the world. Her experience abroad and divergent cultural background provide a global perspective and practical basis for the synthesis and evaluation of new ideas. Katya will no doubt succeed in her ultimate desire to be involved in international relations, and given her lucid mind and high level of motivation, the future looks promising indeed.

James Long

MICHELLE MANOR

Machebeuf honors Michelle Manor as an outstanding student who is involved in her school in many ways. From the very beginning, Michelle began to make her contribution to Machebeuf by being elected President of the Freshman class. Again, in her Junior year, she was elected President. Michelle has been active in a number of school organizations serving on committees and as an officer. She has been a member of Student Council where she actively participated in Council projects. In addition to these accomplishments, Michelle is a cheerleader who spends many hours perfecting cheers to add to school spirit at athletic events. Michelle continues to maintain an excellent grade point average while contributing her time and talent to Machebeuf. Her friendly, warm personality, and her spirit of cooperation are among her valuable assets. Congratulations, Michelle, we salute you!

Raymond Raclawski

AJITA PATEL

Ajita Patel: Quiet and reserved, yet friendly. Ajita Patel has demonstrated, constant caring and concern for her classmates, teachers, and community. Ajita strives with modesty to achieve in school academics as well as on the tennis court. Her maturity is evident in her self-motivation and desire to achieve.

Marcia McDonald

KRISTEN SMITH

Congratulations Kristen Smith! I am very happy to write a little about such a lovely lady. I have always thought that you were a good cooperative student but this year you have really come into your own. You are firm without being abrasive, fun to be with, loyal, ambitious but with a gentle spirit, very bright and able. With your friend Cindy Kitson, I salute a future U.S. Astronaut.

THEY GOT IT TOGETHER!

The Machebox and Stampede Staff worked extremely hard through out the whole year preparing the yearbook and newspapers. They were an inexperienced staff but very fortunate to find that Mrs. Mallett was their new advisor. Mrs. Mallett had been highly experienced in putting a yearbook together and somewhat experienced in the newspaper. She helped the group come together and taught them everything she knew.

They started out with nine members on the staff and ended up with seven members finishing the rest of the year. Between trying to do both the yearbook and newspaper, they faced one deadline after another. The group was formed of determined, hard working students, who tried their hardest in putting together a super yearbook and newspaper.

The members consisted of Mrs. Susan Mallett (Advisor), Niki Simpleman (Yearbook Editor), Julie Martinez (Newspaper Editor), Theresa Pruett, Jennifer Laveo, David Kline, Regina Guertin, and Heidi Reicherseder. Many thanks to other student outside of the staff who dedicated their time in helping with things such as Articles for the newspaper, photos for the newspaper and yearbook, layouts for pages in the yearbook and newspaper, and patience during picture days. Once again, thank you to all who made the Stampede and Machebox possible in '85!!

Under the new leadership of Coach Don Cavarra, the Buffs started off slow, but soon were revived after the first three games. Coach Cavarra decided that there must be something done about the present offense. Since Machebeuf already had the number one defense in the league, Cavarra figured he could combine the number one defense and form a number one offense. Soon, Machebeuf became an undefeated team in their division games.

The Buffs went as far as the state playoffs when unfortunately were beaten by the Brush Beetdiggers. Machebeuf is still very proud of our football team. They went far and never gave up. The pride of Machebeuf will go on living for the years to come.

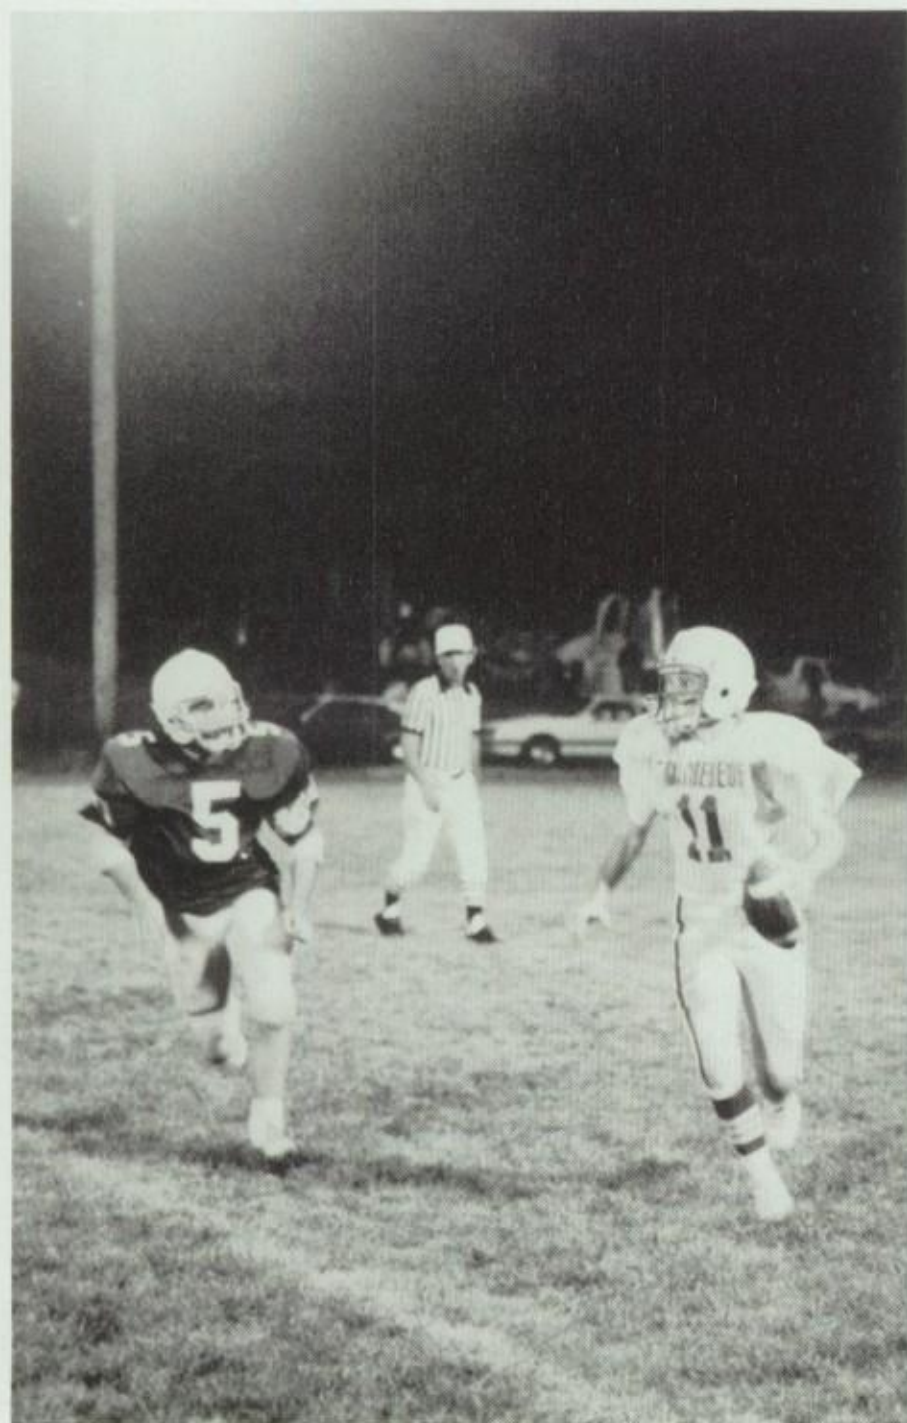

Our best regards to the Seniors: Mica Simpleman, Mike Shaw, Cliff McManis, Mike Morrow, Tom Shanklin, Steve Kelley, Mike Sienkiewicz, Joe Chase, Jeff Custis, John Cawley, and Andy Waters. May the memories of your high school years linger on forever.

Machebeuf is very proud of each of these individuals who went out and tried their hardest this season. We would like to bid a farwell to the Seniors: John Hartford, James Ballen, Terry James, and Brenden Keeley, and wish them much luck in the future that lies ahead.

Machebeuf's "mean green pinning machines" had an excellent season. The team showed a lot of enthusiasm through out the year. Time and dedication were the biggest and hardest sacrifices the wrestlers faced, not to mention trying to loose weight and vice versa gain it. They worked together as a team, but yet contributed their hardest efforts as an individual. Macheveuf is very proud of each wrestler on the team, and their fine work that was put into the season. Good luck to our Seniors: Mica Simpleman, Rick Bettinger, Scott Burns, Brian Little, Ed Buchanan, and Gerald Marsh in whatever lies ahead. And good luck next year Buffs! The future looks promising!

J.V. BOYS BASKETBALL

This year's Junior Varsity Boys' Basketball team did great. They had twelve players on their team. Their record was 12 wins and only 5 losses. The boys' worked hard this season and tried their best. Coach Mitch lead the team to many victories. The team went far and did a superb job. They had a young team made up of Freshman, Sophomores, and only a few Juniors. They look to have great promise for the future. The teams defensive nickname was "No" which means nothing to be allowed, no shots, passes, or points. Congratulations to Coach Mitch and the team, you did an outstanding job.

TRACK

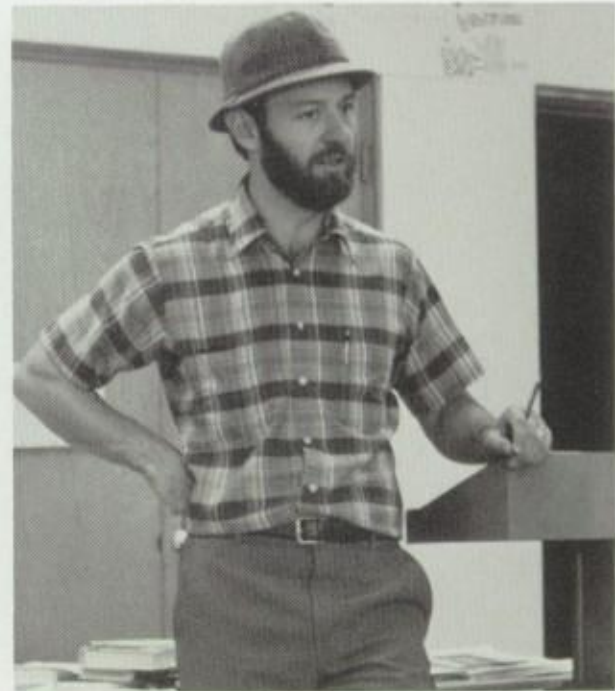

Coach Thurow, Boys Track Coach

Although Machebeuf doesn't have many sporting facilities as other schools, our athletes seem to overlook that problem. All of our teams go out and try their best with or without facilities needed.

This year the Track Team had put much effort in building a long jump pit. The boys coach, John Thurow, and the girls coach, Jeff Mayer both believe it would help the athletes immensely.

This is just one example of how athletes of Machebeuf overcome the problem of lack of facilities.

HOMECOMING '84

When the day begun everyone especially the football team, were ready, willing, and able to face whatever came there way. As the day progressed and the excitement grew, the gun sounded, kick off! The game was long and hard but in the end the true winners came out, and Machebeuf wins with a final score of 27 to 8.

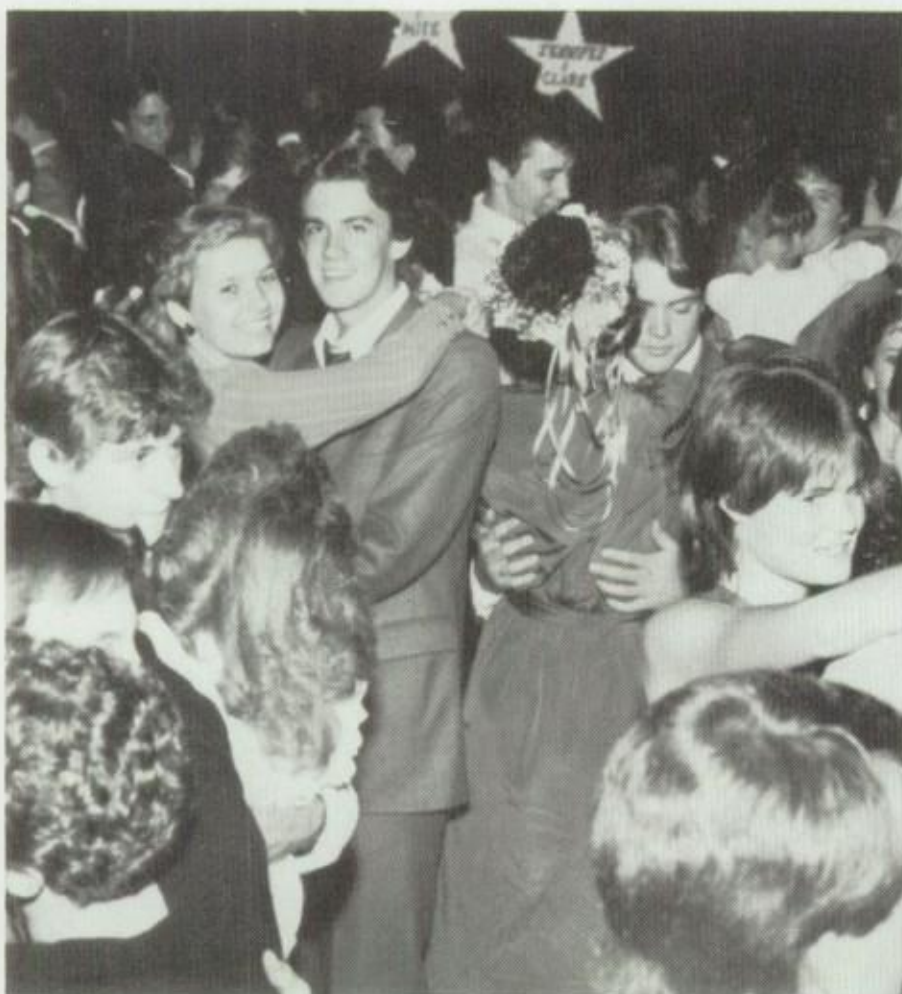

After the exciting Machebeuf win, the students of Machebeuf had another event to look forward, yes the famous homecoming dance. This years homecoming dance turned out to be one of the best we've ever had, with the theme song being "Purple Rain," the homecoming queen being Gina Carbone, and the dance being held at the Hilton. This years homecoming will be lodged in our memories forever.

WELCOME WEEK

Welcome Week is one of the many events that signifies the beginning of a new school year at Machebeuf. This tradition, which takes place on the second week of school, gives the upperclassmen a chance to make the Freshmen feel "right at home" and lets the other new students and faculty members get acquainted with their new surroundings.

In order to get back into the school spirit each class picks a theme, decorates a designated hallway, and dresses up on their chosen day according to their theme. This year the Seniors proved to the Baby Buffs that it's better to make peace than war (especially with Seniors) by reverting back to the 1960s as flower children and hippies. The Junior class showed the new arrivals that "it really is a jungle out there" by hunting down Freshman in their safari outfits. And the Sophomores also went back in time to the "Roaring Twenties" with the "carefree" rich. All in all it was a memorable week for everyone involved. Hopefully the "welcoming" of the Baby Buffs will continue through out Machebeuf's years.

"Smile you're on 'Candid Camera' "

"What's going on?"

FRESHMEN/SENIOR PICNIC

Lets dance!

The Senior Freshman Picnic is provided so that the freshman feel welcome their first year and get to know some of the other students of Machebeuf.

The Freshman Senior Picnic started off with a bus ride in the famous Machebeuf bus. As the freshman got off the bus their big brother and sisters were waiting to greet them and welcome them to their first year at Machebeuf. As the welcoming committee showed the freshman around the park, they started thinking about their freshman year.

As the day begun so did the fun, football, frisbee, volleyball, dancing, and of course the famous plunge in the lake. But just as the fun was beginning something happened, April Webb broke her arm after being thrown into the lake. Soon after the excitement died down, lunch was being served, everyone piled into a line at the grill waiting for what was rightfully theirs.

As the day came to an end everyone made new and better friends, it was hard to leave but it will always be a memory.

Seniors take a plunge!

How about a swim?

Volleyball anyone?

THE JUNIOR AND SENIOR RETREATS

The 1984 Junior and Senior Retreats were held at Woodbine Ranch in Sadalia, Colorado. The Junior retreat was held on November 8th, and 9th. The Senior retreat took place on November 13th, and 14th. The moderators were, Mr. Dennis Powell, Mr. Roland Allen, Mr. Tom Patterson, Fr. John Hilton, and Mrs. Diane Elkind. The retreats provided many experiences that the classes of '85 and '86 will never forget.

THE PRECIOUS DAMSELS

"Let's tidy our hair and make good on our reputation."

"One day, I think, some adventure will reveal that my birth was in truth illustrious."

The angry suitors (Brendan Keeley and Katya Meza) plot to beat Magdelon and Cathos at their own game.

"... I consider marriage quite distasteful. How can one support the thought of lying beside a man who is literally naked?"

Moliere's *THE PRECIOUS DAMSELS* satirizes high society in Seventeenth Century France. The plot centers on Magdelon and Cathos, two country girls, who come to Paris hoping to break into its "upper crust." Their plans are spoiled when they are tricked into believing that two servants are nobility by two angry suitors, Du Croisy and La Grange, who were once scorned by the girls.

The entertaining performance was directed by Mr. James Long. It starred Kate Seidel as Magdelon and Rachel French as Cathos. Brendan Keeley and Katya Meza were the suitors. Bob Carbello played the Marquis de Mascarille with Joel Schrader as Vicomte de Jodelet the fake nobles. Dawne Collins was a convincing Gorgibus, the girls guardian. There were also contributing appearances by Alex Van Nortwick, Rick Bettinger, Ken Gruber, Matt Rutt, Bridget Flynn, Molly Marion, Alice Cassidy, Tom Malloy, and Trina Leberer. Chris Curtis, Inez Allen, Shelagh Tighe, and Rachel Calhoun were some of the students responsible for the backstage work. Thanks to everyone who helped to make this presentation a success.

Ken Gruber, Bob Carbello, and Brendan Keeley "take five."

BACKWARDS DANCE

The Backwards Dance breaks tradition because it gives the ladies a chance to ask their favorite men out. This year's festivities were held on February 22nd at Risen Christ Forum. The resident DJ, Crystal Sounds, filled the air with the sounds of Chicago and the evening's theme song, "You're the Inspiration." The King, Mike Shaw, presided over his court with assistance from Prince Jeff Dudash, Knight Byron Haselden, and Page Steve Taliaferro. The dance was sponsored by the Sophomore class and was a very special night for all who attended.

The Royalty-Molly Malloy, Jeff Dudash (Prince), Molly Marion, Mike Shaw (King), Byron Haselden (Knight), Miss Giek, Steve Taliaferro (Page), and Anna Ott.

Enjoying the dance.

Molly Marion and King Mike Shaw as the royal couple of the evening.

A VICTORIAN NIGHT UNDER THE STARS

May 11, 1985, as the day drew closer, the men were getting ready for the big occasion. That's right, they were getting ready to put their bow ties on, coat tails, cummerbuns, and tuxedos. It was a time for the women to put on their Gunne-Sax, their garters, and their high heels, that's right were getting ready to be wined and dined at the Machebeuf Prom.

This year's prom theme was "A Victorious Night Under the Stars." It was held at Grant Humphrey's Mansion on May 11. After Prom there was a post Prom dance held at "Norman's."

The Juniors did a truly wonderful job on this year's Prom. A Victorious Night Under the Stars was one to go down in Machebeuf history.

— MACHEBEUF SALUTES OUR PARENTS —

Many parents come and support athletic functions and cheer our athletes to many victories.

Charlie Carper and Sandi Carper, Paul and Colleen Murray chaperoning a dance.

Parents from the Booster Club put long hard hours into cleaning the furnaces.

Mr. Bettinger along with another parent assist in cleaning the furnaces.

Mr. Simpleman washes the screens of the furnaces.

Think back to the beginning of the year, say around October 29th. Could any of you tell the difference in our school? For example, when you were walking down the halls, could you actually see the person walking in front of you? The reason for this was that there appeared to be new lights glowing in our hallways.

When you came back from Mini-course week on February 19th, did any of you notice a change in some of the lockers that were once broken? Did anyone also recognize the fact that Machebeuf had a flag in front of our school, waving about with pride? And has any student walked into a classroom on a below zero week-day and found the furnaces blowing out hot air?

Many of you are probably wondering why. The answers are simple. These repairs that had been made in our building are compliments of the Machebeuf Booster Club and Parent Teacher Association (P.T.A.)

The Booster Club and P.T.A. is formed of devoted parents who spent much of their time doing projects for our school and supported our athletes. These parents devote most of their time making sure that Machebeuf is in tip-top shape. If they happen to find that something needs to be repaired, it's fixed in no time. You will find that a lot of these parents may spend around six hours weekday evenings repairing broken facilities.

This year especially, these two organizations have been actively involved with our school. Machebeuf is very proud to have these parents. The appreciation for all of their support will never cease.

One way other projects the Booster Club and P.T.A. has done is putting railing up around the lawn in front of our school and putting up projector screens in a number of the classrooms.

Again, we would like to express our warm thanks to "our #1 supporters!"

MEMORIES '85

MACHEBEUF SAYS FAREWELL TO SISTER VICTOR MARIE

Looking back on her seven years, one can see the many things she has given to Machebeuf. Sister Victor Marie is definitely a shrewd business woman; her management techniques are one of her many attributes, and the driving force behind Machebeuf's financial stability.

During her seven years at Machebeuf, she has been responsible for organizing many activities that have

made Machebeuf a better place to be. She is responsible for the numerous improvements that have been made around the school.

Sister Victor Marie is always willing to take time out of her busy day to speak with the students; she is always willing to lend an ear if someone has a problem.

Without a doubt, the one thing Sister will always be remembered for is her undying dedication and support she had for Machebeuf's athletic program. You could always count on Sister being at a basketball game in her green and gold, cheering the team on to victory.

One thing is for sure, Sister will be as hard act to follow. We would once again like to take this opportunity to express our deep feelings of gratitude that we have for Sister. She will be missed by all. Machebeuf thanks you and wishes you the best of luck in whatever you do.

High School Memories

Football games, Homecoming, initiation, first date, Backwards, Prom night . . .

They say those days are the greatest days of our life. They say those memories will last a lifetime.

I believe it's true. High School really is the greatest days of our life. Oh! I know there were a lot of hard times faced during these years, but I suppose that is all a part of growing up.

Every day couldn't be perfect, but if we noticed every year seemed to get better and better.

From Freshmen year all the way up to Senior year, we faced new experiences. Day by day we began to understand what life was all about.

The greatest days of our life doesn't stop right after High School years are over. High school was only the beginning of the greatest days of our life.

After we graduate, each day will become greater and greater. Never forget the memories.

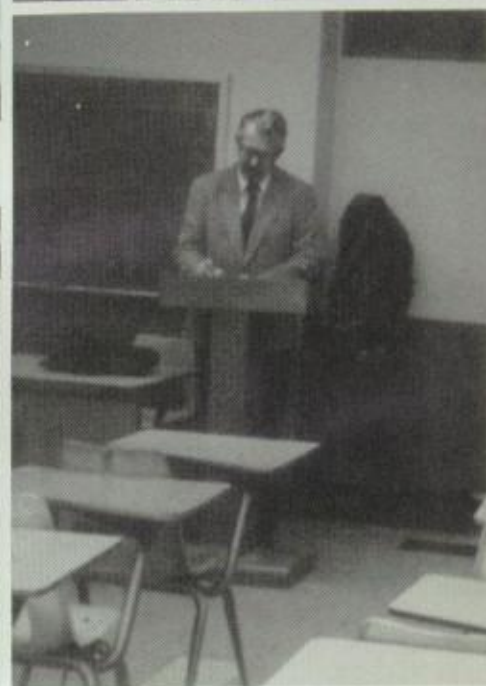

Remember:

"High School is the greatest days of our life. So far!!!!"

Niki Simpleman
